

Product Specification

Product Name: Ethyl cyanoglyoxylate-2-oxime

CAS NO.: 3849-21-6

Molecular Structure:

Molecular Formula: C₅H₆N₂O₃

Molecular Weight: 142.11

Items	Specification
-------	---------------

Appearance	Light yellow to off-white crystalline powder
Purity (HPLC)	≥99.0%
Storage condition	Room temperature (0~30℃)
